The features shown on this plan/exhibit/drawing were created from aerial photography, LIDAR data from TNRIS, and/or GIS data. The existing conditions including boundary lines were not field verified for accuracy by an on-the-ground land survey. Therefore, the distances, dimensions, locations, elevations, and quantities identified on this sheet are only approximate and may not be suitable for legal, engineering, or survey purposes.

The aerial photography used for this plan/exhibit/drawing is provided to show relative approximate locations and may not be suitable for legal, engineering, or survey purposes.
